

Points from the last Vestry Meeting:

- A representative of St David's Raincliff has reached out to the St John's Vestry regarding an eagle, as their eagle lectern was stolen. The St John's Vestry would like to bless St David's with the one that we currently have in storage. It is understood that this eagle came to St John's when that church closed. If you have concerns with the eagle lectern being re-homed to St David's Raincliff, pop it in writing to the St John's Vestry by Monday, 5th October 2026.
- Make sure you keep an eye on the Church building. Due to a very generous donation, the St John's Church will receive a cleaning in the coming weeks. We have been informed that a moss removal treatment will be sprayed onto the Church, which will result in some areas showing immediate improvement, and more dense moss areas will take some time. This is a very general approach and is not expected to damage the paint or slate tiles in any way.

NEXT VESTRY MEETING: TUESDAY 13th October 2026

If you have any concerns or ideas, please put them in writing. These can be put into the office mail box.

If you have pastoral concerns, please contact Hilary McKnight
on 027 363 2990
